

# Site Improvement Plan

2014

2017

## Vision:

To provide a safe, caring and stimulating environment where children will be challenged to achieve their fullest potential, so that they can make their best contribution to their local and wider communities.

## Numeracy

Students become **powerful learners** in numeracy who can think innovatively

## Key Processes

- Use agreed diagnostic assessment tools and analyse data to target the needs of individuals and cohorts
- Monitor and review effectiveness of agreed whole school processes to the teaching of mathematics and numeracy
- Professional development focusing on rigorous assessment and developing pedagogy
- Develop formative assessment tasks that require deep knowledge and understanding
- Strengthen learning partnerships with families to reinforce and consolidate learning in numeracy

## Literacy

Students become **powerful learners** in literacy who can think innovatively

## Key Processes

- Use agreed diagnostic assessment tools and analyse data to target the needs of individuals and cohorts
- Monitor and review effectiveness of agreed whole school processes to the teaching of mathematics and numeracy
- Professional development focusing on rigorous assessment and developing pedagogy
- Develop formative assessment tasks that require deep knowledge and understanding
- Strengthen learning partnerships with families to reinforce and consolidate learning in literacy

## Values:

At Wallaroo Mines Primary School we believe that when students, staff and families focus on our core Values by working **collaboratively**, **understanding** each other, **communicating** effectively and **trusting** one another we will develop positive, effective **relationships** within our school community.
